## Bowlers Getting Edge as Result of Steady Practice

All fear the local bowlers were destined for the discard because of the irrelevant form displayed in the preliminary games was partly shelved as the result of last week's games in the several leagues throughout the city. Good scores were posted in some parts of all of the leagues now operating and in one instance the local record for the highest total for a single game was smashed.

This event took place in the Elks league, and was accomplished by the "Little" Deers, in their contest with the Bills on Wednesday evening. The team piled up 1,110 pins in their effort and it marked the first double century score of the season for Frank Bauer and Captain Frechafer. The Deers obtained nearly four hundred more pins than their opponents and the total of the Deers' game was nearly 300 pins in spite of the fact that the Deers lost two games of the series.

C. A. C. Season Unshaken. In spite of the fall festival celebration every league in the city played its full quota of scheduled games except the Coked Hat league, where only one of the scheduled series was finished and resulted in the leading Nationals having their advantage decreased by one game. It was the Stars who turned the trick and won the odd and final game of their series by two pins.

It was pleasing news to learn that the C. A. C. club joined the league forces although it was not expected that they would begin their fall campaign for at least another week. But their debut was as exceptional as that of other organizations as two clubs took the entire series from their opponents in a lop-sided manner while in only one contest, between the Athletics and the Stars, was there any division in the spoils, the Athletics winning the odd game.

Bucktails Lead Antlers League. Because of the defeat of the Teeth in their series with the Fawns of the

odd game, while the Bucktails won two games from the Tusks, the Bucktails have absolute command of the situation in the Antlers league, and are no longer tied with the Teeth. But the battle for the other end of the percentage column between the Elks and Prongs is quite as desperate as that of the leaders. The champion Prongs still have complete command of the situation, however.

The first game of the season was recorded in the Antlers league when the Prongs and Bucks were all even at the close of their second game and the Prongs saved a shut out in the roll off. The Fawns and Tusks played off their scheduled game of the first week and resulted in a win for the latter. But in defeat the Fawns were happy as they now have their original roster of players intact for the first time in four years. This club will now bear the closest kind of scrutiny in future battles.

Elks League Is Better. Although the leading Tusks won two games in their contest last week the standing of the clubs presents a much better appearance and they no longer have the vast commanding lead they started with. The Stars, by reason of their clean sweep over the Tylers, moved up a game nearer and the Bills and Stars are now tied for second place in the race with but two games behind the leading Tusks.

Sickness crept into the schedule this week and prevented the settling of the Horns-Hoofs dispute owing to several members of the former being confined. This has been very fortunate for the Horns as it prevented them of being rated with the Tylers. The latter have been the real tough luck club of the league this season as all of their defeats have been with exceptionally fine scores and the crew is looking for better breaks in the future.

Many Changes Are Recorded. A general shakeup in the standing

of the clubs took place in the Studebaker league this week and only the Hounds, Hubs and Studebakers were able to retain their positions. A noteworthy feature was the fact that the Hubs and Studebakers actually received a rating and the game which the latter won was the first display of form this season. Glenn Richards, state champion, was the star of the evening, showing a couple of double centuries, going to 235 in the final, not counting the first game.

Because of the loss of the entire series the Hubs dropped from a tie for the lead to third place into a tie with the Reaches, Bolsters and Skeins. There are three positions where two or more clubs are tied for place, involving eight clubs because of third place being in dispute.

A change in the management of the league was effected last week, caused by the resignation of S. H. Gentry from the secretaryship. This is very unfortunate for the league as he has been in charge since the inception of the league and has proved himself one of the most efficient men not only for his league but for the good of the sport and his actions must be regretted.

SOX PITCHERS POOR IN THE LAST GAME

Detroit Heavy Hitters Slaughter the

Ball and Win by a Nine to Eight Score.

DETROIT, Oct. 6.—Chicago's weird fielding Sunday enabled Detroit to win the last game of the season. The score was 9 to 8 the contest being a slugging duel and several infielders showed more bravery than skill in stopping drives which drove across the diamond. Each team used two pitchers. None was effective.

Chicago started Scott and he lasted only two innings during which Detroit found him for six hits and three runs. Lathrop, a recruit, shouldered the White Sox burden and was assaulted in nearly every inning. Comstock blanked Chicago until the fifth when four hits and a pass yielded four runs. He was in trouble in the two succeeding innings and was replaced in the eighth by Williams after Collins and Chappell singled. The southern manager agreed to retire the side with one tally but he was hammered for three successive hits in the ninth which gave Chicago a run and placed two men on the sacks. Stanage broke up the rally and ended the game by making a catch of Chappell's foul.

Chase's sensational defensive work and Stanage daring steal of second were features.

NILES BUNCH IS TOO FAST FOR ALL STARS

Local Leaguers Make Two Runs in

First Inning But Fail to

Keep Advantage.

Special to The News-Times.

NILES, Mich., Oct. 6.—The All Stars from South Bend were defeated here Sunday by the regular Niles team by the score of 5 to 2. The All Stars grabbed two scores in the first inning but were unable to contain after that. Niles did not start scoring until the sixth, when they assembled two runs, followed with two more in the seventh and finished the measure in the eighth with one more. The All Stars presented the following lineup: B. Koehler, 2b; Coffey, cf; Wheeler, 3b; Tannehill, ss; Watson, rf; Shock, 1b; H. Koehler, cf; Tieman, c; McGlynn, p. . . . . 000 010 000—1 8 0

THREE RUNS IN FIRST GIVES CARDS A GAME

ST. LOUIS, Oct. 6.—St. Louis defeated Cincinnati Sunday 4 to 1 in a snappy game. The locals by timely hitting and superior base running in the first inning, scored three runs. Two singles and a sacrifice fly netted the home team its last run. A single, a pass and Bates' single was the visitors scoring combination.

## ARE THESE FIVE ALL ACCIDENTS

A. M. Kendall, shoe dealer of Colorado City, Colo., seventy years of age, was in bed, appearing to be the final victim of Bright's Disease. The treatment was changed and in three months he wrote that he considered himself well.

He has a neighbor, a grocer, J. J. Abeneham, sixty-eight years of age, who had Bright's Disease. The best doctors he could get told him there was no help for him and advised him to settle up his accounts. Kendall told him about his own case and Abeneham too recovered. In giving us these facts, Kendall closes: "There are three others here who have been cured since."

One of the above recoveries might have been an accident, but how about all five? These people are not in league with Fulton's Renal Compound and the curability of Bright's Disease is a fact if one-third of the letters we have received are true.

With failure admitted by the books under the old treatment in chronic Bright's Disease and the reports like the above from many patients on this treatment how can any one be undecided. If you have Bright's Disease you owe it to yourself and family to try Fulton's Renal Compound before giving up. You can get it at Woods & Streibel.

## WHITAKER WINS PRAISE OF FANS

South Bend Boy Starred For Indiana

Against Chicago Despite a

Lame Knee.

That Frank Whitaker, South Bend boy, who played quarterback with the Indiana eleven against Chicago Saturday, played a solid and consistent game, is the opinion of the Chicago sport writers. According to them he managed his men well and divided honors with Eberhart and Davis as the individual stars of the contest.

The Record-Herald had this to say: "Eberhart, F. Whitaker and Capt. Davis displayed a brand of individual football that early marked them as players of worth. The little quarterback of the Hoosiers was an able general and handled his men with a certainty of action that brought praise from the crowd."

His forward passing was high class and his ability to get his men away from the jump brought repeated cheers from the Indiana rooters.

Whitaker went into the game with a bad knee and had to be relieved before the finish of the contest.

A GENTLE AND EFFECTIVE LAXATIVE.

A mild, gentle and effective laxative is what people demand when suffering from constipation. The only laxative ever taken by Dr. King's New Life Pills. Hugh Tallman, of San Antonio, Tex., writes: "They are, beyond question, the best pills my wife and I have ever taken." They never cause pain. Price 25c. Recommended by all druggists. —Advertisement

## DEPOSED MONARCH HAS MORE TROUBLE

Ex-King Manuel of Portugal, whose bride of a fortnight, Princess Augustine-Victoria, of Hohenzollern, has issued a statement from the Munich hospital, where she has been confined since shortly after the wedding, that she will never again live with her royal husband.

While they were waiting for the wagon, it is alleged, Priest suddenly gave a jiu jitsu wrench and broke from the officers and started down Notre Dame av. Hilliard and Diver took up the chase but ere long realized Priest was gaining on them.

Hilliard pulled his club, swung it about his head and let fly at the fast going Priest. It whizzed past Priest's head and started rolling down the sidewalk. Priest sped on not noticing the "tie across the rails." Hilliard unconsciously had chosen a good spot for the wreck. Not a soul was in sight to warn the onrushing Priest of the danger in his path and he plunged headlong into the club. He came down hard and ingloriously and started rolling down an embankment. The officers grabbed him and held him until the wagon arrived.

Priest was arraigned in city court Monday morning and found guilty of carrying concealed weapons and fined \$5 and costs. The case on the charge of stealing a bicycle was continued until Saturday.

## CROXONE SAVES ELDERLY PEOPLE FROM KIDNEY AND BLADDER MISERIES

Sleep Disturbing Bladder Weaknesses, Backache, Stiff Joints, Rheumatic Pains Disappear After Few Doses Are Taken.

While people along in years are naturally more subject to weak kidneys, they can easily avoid the tortures of backache and rheumatism, and be saved the annoyance of getting up at night with disagreeable bladder disorders.

Croxone relieves these conditions by promptly reaching the cause and making the kidneys filter the blood and sift out the poisonous acids and waste matter that cause these troubles.

It soaks right in and cleans out the stopped up, inactive kidneys, dissolves and drives out the uric acid and other poisonous impurities that lodge in the

joints and muscles and cause rheumatism. It neutralizes the urine so it no longer irritates the bladder, overcomes unnecessary breaking of sleep and helps the kidneys and bladder regain health and strength.

It matters not how long you have suffered, how old you are, or what else you have used. It is practically impossible to take Croxone without results. It starts to work the minute you take it—the first time you use it. An original package of Croxone costs but a trifle, and all druggists are authorized to return the purchase price if it fails in a single case.

Officers Hilliard and Diver did the detecting and grabbed Priest. They dragged him, protesting vigorously, to No. 7 hose house and called for the wagon.

While they were waiting for the wagon, it is alleged, Priest suddenly gave a jiu jitsu wrench and broke from the officers and started down Notre Dame av. Hilliard and Diver took up the chase but ere long realized Priest was gaining on them.

MONKEY DISAPPEARED FROM JOHN HOPKINS

Animal Which Holds Key to Solution of a Rare and Fatal Disease Is Returned.

BALTIMORE, Mr., Oct. 6.—A small monkey, which scientists of the pathological department of Johns Hopkins hospital believe holds the key to the solution of a rare and fatal disease, mysteriously disappeared from its cage in the Hunterian laboratory Friday.

The anxiety of the scientists over the missing subject was turned to joy when the Simian was returned to the hospital Sunday by a man who had read the advertisement of its loss. He said he bought it of a stranger Friday.

The experiment hinged upon the return of the animal. If the results are satisfactory as is expected, new and important truths to the medical world are looked for.

## Master Salesmen

There are nine men in this office whose salaries aggregate \$227,000 per year.

Those are pay-roll salaries, paid month by month—not the profits of ownership.

A dozen others are highly-paid men. Our total pay-roll exceeds \$40,000 per month.

This seems the only way to give you in print any fair gauge of their calibre.

Just Salesmen

These men are just highly-trained, masterly salesmen. They devote their whole time to selling goods for our clients.

They expend about six million dollars per year on printed salesmanship. Their sales exceed, probably, \$150,000,000 per year.

They carry tremendous responsibilities, and are paid in accordance with them.

They meet in print tens of millions of buyers. The sales of hundreds of products depend on their ability.

There are very few men whom one dares trust with such vast undertakings. So these rare men stand today among the most highly paid men in business.

Our Business is to Get Them

Our success and efficiency lie in getting these men, in training and developing.

We pay more than most advertisers can afford for such service.

Then, through our commissions, the expense is divided.

We supply experience such as no single business can offer. Here these men deal with the selling problems of hundreds of big concerns.

And here, above all, they work in cooperation. They aid each other—mass their ideas. From three to ten of these men combine their abilities on every undertaking.

There lies the vital value of an Advertising Agency. All else is merely routine. The rare thing, and the all-important, is compelling salesmanship-in-print.

Beyond the product itself, ninety-nine percent of an advertising success lies in the salesmanship.

What They Do

These men are not mere writers. One is simply a scheme
